4–5" T · 48" L · 24" W

PATIOS & POOL — DIMENSIONAL CUT STONE

STRATA MIST GNEISS | P1164

\$18 /SF

A Brazilian alternative to Jet Mist, now stocked as a dimensional paver — ready to ship straight from the Groveland yard. Strata Mist carries the same deep, mineral-rich character that's made Jet Mist a familiar choice for exterior stonework, without the lead time of a special order. We're stocking it in a flamed finish. It handles freeze-thaw and heavy foot traffic well, with a low-slip surface — and it stays noticeably cooler underfoot than dark granites or bluestone, a real plus around pools and water features.

AVAILABLE SIZES — FLAMED FINISH, 1.5" THICK

24" x 18"

24" x 24"

30" x 18"

36" x 18"

36" x 24"

Treads and cutting stock are also stocked to accommodate custom sizes.

Dimensional paver, flamed finish

PATIOS & POOL — DIMENSIONAL CUT STONE

MOUNTAIN HARD LIMESTONE | P218

\$24 /SF

Our favorite European material, stocked and ready to go for your projects — no waiting on international shipping. Mountain Hard Beige is a dense, freeze-thaw resistant limestone paver in warm beiges and tans, with low heat absorption and a high-traction sandblasted surface that stays cool underfoot. It's a natural fit for pool decks and patios, looking great in everything from a Mediterranean retreat in Boston to a modern patio in Aspen.

AVAILABLE SIZES — SANDBLASTED FINISH, 1.5" THICK

24" x 48"

18" x 36"

Treads and cutting stock are also stocked to accommodate custom sizes.

Warm beige, cool underfoot

PATIOS & PATHS — OVERSIZED IRREGULAR

Bluestone Oversized Irregular | P436 | \$18–20/sft

2–5" T · 3' x 3' and up

Goshen Stone | P332 | \$16–20/sft

Sidewalk Stone: 3–6" T · 36–48" x 36–60" · Stepping Stone: 2–3" T · 18–24" x 24–36"
